

Assignment 1

Lan Stare

September 4, 2025

1 First

dadkoamdk

2 Second

adasdasdka

3 Third

Explain your approach, methods, or theoretical framework. Use equations if necessary:

$$E = mc^2$$

4 Picture

Present your findings. You can include figures:

References

You can either write them manually:

- Author, A. (Year). *Title of the work*. Journal, Volume(Issue), pages.

or use `biblatex/natbib` for automatic bibliography management.

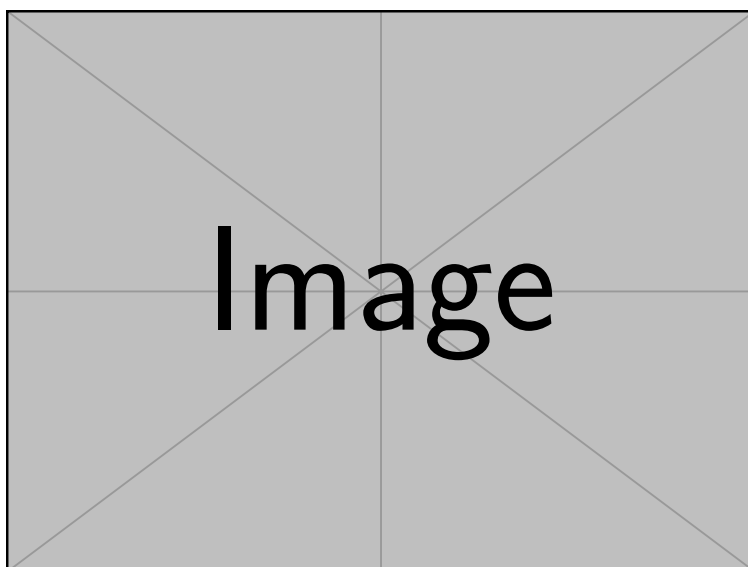

Figure 1: Example figure caption.
